ABOUT ME

I'm an independent UI/UX designer and web developer with 9 years of experience. I handle everything from wireframes to live websites using tools like Figma, WordPress, Shopify, Webflow, and custom code. I work directly with clients worldwide, delivering clean, responsive, and user-focused digital solutions.

WORK EXPERIENCE

🏢 *Freelance*

UI/UX Designer & Web Developer

[2016 – Current]

- Design and develop responsive websites, landing pages, and custom web applications.
- Create wireframes, prototypes, and user flows for web and mobile interfaces.
- Build modern UI/UX designs using Figma, with a focus on usability and accessibility.
- Implement design systems and maintain visual consistency across platforms.
- Develop with HTML, CSS, JavaScript, and PHP for dynamic, interactive interfaces.
- Work with frameworks like Bootstrap, Tailwind CSS, and Foundation.
- Customize and build websites using WordPress, Elementor, Shopify, and Webflow.
- Develop custom WordPress plugins, themes, and perform API integrations.
- Use databases like MySQL and Firebase to handle backend logic and storage.
- Ensure performance optimization, SEO readiness, and cross-browser compatibility.
- Collaborate with clients globally to deliver scalable and impactful digital solutions.
